

check this jothis.epizy.com/app_ -->on progress working

new app [new chat app](#)--> working -- **which room number????????????????**

UI Corrections

- decrease the size for hover Organizing Committee Members
- footer useful links
- send message button in contactus. while hovering it shows red color

Please check it

- in ur local
- if does not have any changes

do this

- git stash
- git checkout -b test
- git branch -D main
- git checkout -b main --track origin/main

do this you get resent code run this if you not statisfies then you should change no problem

- focus on yellow color cards add effects like popup background shadow etc for all that is only pending tast.
- > jothis : added the colors removed the yellow color
- > samithra please take care of overall allsoe

updated about the new structure

- 1st 4 patials load automatically
- when every user scroll make a request load data async so it increase speed a lot
- when every adding new partials add in a js too and keep same structure in home as like that

production link

<https://park-conference.000webhostapp.com/>

please check

chat link

pls????????????????????

when i get new pull same colors still present is it ok? please confirm

chat app app in progress i will avaihle in new when you get time have look at it.

new changes are coming

- add 3 people secaroty before to pricinapal and 2organziers. i will add their names photos
- **not clearly understandable** plz provide more clear information

check this bugs
